Inc.'s Founder-Friendly Investor list comprises firms identified by Inc.'s editors or submitted to Inc. through an application process. Kian Capital applied to be considered. Inc. gathers data on how the firms' portfolio companies have grown and interviews founders about their experiences with the firms to establish the annual list. The list recognizes firms with a track record of backing entrepreneurs by providing the financial support needed to help businesses accelerate growth while remaining actively involved following the firm's investment. Kian Capital paid for both the fee to participate and to acquire rights to the Inc. logo for the years 2020 - 2025.
